

drummondmiller LLP

‘I have the highest regard for your services’

Within the Wills, Trusts and Executries department, we work closely with our clients to provide detailed, common sense legal advice and practical assistance. We aim to achieve solutions for your particular circumstances and communicate in easily understood terms.

Examples of the services we provide include:

WILLS

We discuss with you your particular requirements and prepare a Will for your individual circumstances. We will also discuss options to reduce Inheritance Tax by careful drafting of your Will.

TRUSTS

It may be appropriate to set up a trust either during your lifetime or after your death for children, those with special needs or for charitable purposes. We can advise on this and take care of all matters relating to the ongoing administration including accounts and tax work.

INHERITANCE TAX PLANNING

Failure to plan appropriately could result in a large tax bill after your death. We will discuss with you ways to reduce Inheritance Tax, for example, by preparation of your Will, trusts, gifts and financial planning.

EXECUTRIES

We provide advice and assistance when someone dies and we will assist you with winding up their estate. We aim to provide a friendly and approachable service at what can be a very difficult time for you and your family.

POWERS OF ATTORNEY

We can advise about what type of Power of Attorney is appropriate for you and when it should be used.

GUARDIANSHIP

We can provide advice about appointing a guardian, arrange for the appointment and advise about acting as a guardian including administration requirements.

FINANCE AND CARE FOR ELDERLY PEOPLE

This includes helping with payment of bills, paying nursing home accounts, advice about benefits and dealing with tax returns. Our team will be able to advise and assist in a practical way.
